12 each T pieces

16 each Corners (L Joints)

2 each rolls of White Duct tape

Saw for PVC--Hacksaw

Cut 8 pieces of pipe to 190 cm (74.80") to make Posts. Scrap: 45" X 8

Cut 4 pieces of pipe to 242 cm (95.27") to make Horizontals. Scrap: 24" X 4

Cut 2 pieces of pipe to 268 cm (105.51") to make Crossbars. Scrap: 15" X 2

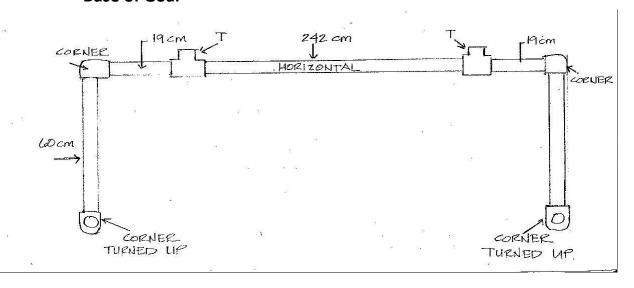

Cut scrap pieces to:

12 each to 19 cm (7.4") using 3 Post scrap

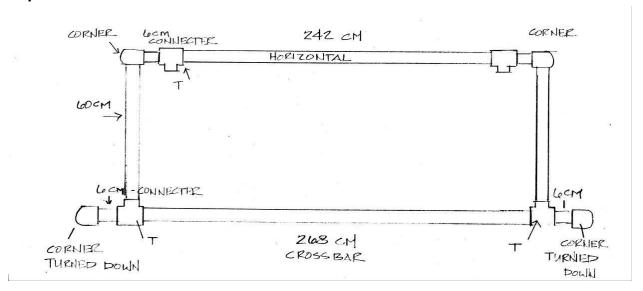

8 each to 60 cm (23.6") using 4 Horizontal scrap & 4 Post scrap

8 each 6 cm (2.36") using Crossbar scrap (Used as connecters between joints.)

Assembly — 1 goal Base of Goal

Top of Goal

Reinforce with duct tape - not PVC Glue - so gives at joint without cracking

Next - insert 4 posts into T's and corners of base section. Lift top of goal to post.

To make portable — Remove top of goal, take out 4 posts and set aside.

Put in 4 each (19 cm pipes) and set top of goal on these pipes for transport.
